

HARRIER LIST UK
Newsletter
September and October 2009 Edition
30/10/09

Hi All,

Sorry again for the delay again nothing as trivial as pressing family matters just having a job to find the time. Any way lots to get through so I won't bang on to much, although one thing that did come to pass in my absence was. The fact we are now down to just 2 active GR.7A's ZD411/40 and ZD431/43A it's now a race to see which one lasts the longest.

One last thing this month contains a special type list with all the GR.9 to GR.9A type changes going on I thought it would be nice to have a list done by type rather than serial etc.

Regards,

Andy Carney
